## 01 PROFILE

I am an experienced graphic designer and artist with years of experience working with clients. I have full stack web development knowledge. As a creative thinker, I am adept in software development.

## 02 EDUCATION

Apr 2023 — Oct 2023

### University of Denver

Denver, CO

#### Full-Stack Web Development Certificate

Completed a six month intensive program through edX Boot camps LLC focusing on current web development programs.

Aug 2011 — May 2015

### John Brown University

Siloam Springs, AR

#### Bachelor of Science in Fine Art and Illustration

Received a degree in Fine Art and Illustration, specializing in Illustration with a minor in Graphic Design

## 03 EMPLOYMENT HISTORY

08/2022 — Present

### Fine Artist / Painter at Colorado Ski Chairs

Manitou Springs, CO

- Develop a portfolio of artwork to showcase my range of skills
- Painting on a variety of materials including recycled skis, recycled snowboards, recycled barn wood, and other materials
- Working for clients to paint a design or landscape on their new furniture or wall art - many individual clients as well as bigger clients like Denver International Airport

11/2017 — 04/2022

### Art Director / Graphic Designer at ProLogo Branding

Orlando, FL

- Established the visual representation of each client company working with ProLogo Branding for promotional material
- Worked directly with client company designers, the company sales team, and the company production team for each project, having the final say in each design before it moved to production
- Developed creative solutions to complex design challenges

- Collaborated with cross-functional teams to ensure designs met business objectives
- Created a comprehensive style guide that improved the consistency of the company's branding across all channels

05/2017 — 11/2017

### Lead Embroiderer at Cole Promo

Colorado Springs, CO

- Responsible for the production of all custom embroidery projects using an embroidery machine
- Maintained production records, including production reports and logs
- Diagnosed and resolved machine malfunctions, minimizing production downtime and maintaining production goals

11/2015 — 10/2016

### Graphic Designer / Production Manager at Maxx Sunglasses

Monument, CO

- Worked directly with the Art Director as well as the Lead Marketer to create designs for their social media as well as websites
- Developed a range of marketing materials resulting in improved customer engagement
- Worked directly with the sales team for custom items and supervised all customization
